Continuing in the style and quality of the 2003 vintage, my current release of 2004 PALAZZO Napa Valley Red Wine is a beautiful wine of exceptional character and personality!

My inspiration, and passion for producing my wine continues to come from the beautiful 'Right Bank' region of Bordeaux, France... and the exceptional wines produced from the small, family owned Chateau's that dot the rolling hillsides of this enchanted wine area.

Merlot continues to make up the lion share of the 2004 PALAZZO Napa Valley Red Wine... and is the 'backbone' of this vintage... giving the wine it's power & strength... lush, supple texture and wonderful layers of rich cherry and blackberry fruit. The Cabernet Franc adds brightness, acidity and a 'floral spiciness' to the wine... with the Cabernet Sauvignon adding structure, character... and a long rich finish of deep dark fruit.

Our goal at PALAZZO is to make wines of outstanding quality, depth, balance and structure... that exhibit both 'power and elegance' on the palate... and that pair well with a broad range of foods. This will always be the standard!
